

Persian Gulf; A.Q. Khan, former head of Pakistan's nuclear program; David Kay, former CIA Special Adviser for Strategy Regarding Iraqi Weapons of Mass Destruction Programs; and Charles Duelfer, Special Ad-

viser to the Director of Central Intelligence. The Office of the Press Secretary also released a Spanish language transcript of these remarks.

Statement on the Doha Development Agenda *November 14, 2005*

Prime Minister Blair has challenged World Trade Organization members to ensure that the Doha Development Agenda fulfills its market-opening potential that would help lift hundreds of millions of people out of poverty. I welcome and endorse his call for action to ensure a successful outcome to the Doha round.

To achieve this ambitious agenda, all WTO members will have to do their part. To give impetus to Doha, I called for the reduction and then elimination of trade-distorting agricultural subsidies and tariffs. If the EU offers similar real cuts to agricultural subsidies and tariffs, others will also

have to come forward with significant proposals to cut tariffs and reduce barriers on manufactured goods and services.

The Doha Development Agenda is vital to promoting development. Through the pursuit of the Millennium Development Goals and the G-8 agreement to cancel 100 percent of the debt of the world's most heavily indebted nations, we have made good progress on aid and debt relief. However, trade is the engine for a sustained expansion of prosperity around the world. Through a successful Doha round, we can realize that opportunity.

Statement on Signing the Foreign Operations, Export Financing, and Related Programs Appropriations Act, 2006 *November 14, 2005*

Today, I have signed into law H.R. 3057, the "Foreign Operations, Export Financing, and Related Programs Appropriations Act, 2006." The Act provides funds in support of United States foreign policy objectives abroad.

The Executive Branch shall construe as advisory certain provisions of the Act that purport to direct or burden the President's constitutional authority to conduct foreign relations, either by purporting to direct the content of certain international negotiations and communications or by directing the Executive Branch to collaborate with other

entities in the development of foreign policy. These provisions include sections 506(a), 514, 551, 561(a) and (d), 562, 575(a), 590(b) and 593.

The Executive Branch shall also construe certain provisions of the Act that purport to make consultation with the Congress a precondition to the execution of the law as calling for, but not mandating, such consultation, as is consistent with the Constitution's provisions concerning the separate powers of the Congress to legislate and of the President to execute the laws. Such provisions include sections 506(e), 509(b),

512, 534(k), 543(b), 564(b), 576(c), 595, and provisions under the headings “Transition Initiatives,” USAID; “Andean Counterdrug Initiative,” Department of State; and “Debt Restructuring,” Department of the Treasury.

NOTE: H.R. 3057, approved November 14, was assigned Public Law No. 109–102.

Message to the Congress Giving Notification of Intent To Enter an Agreement on Tariff Treatment of Multi-Chip Integrated Circuits *November 14, 2005*

To the Congress of the United States:

Consistent with section 2103(a)(1) of the Trade Act of 2002, I am pleased to notify the Congress of my intention to enter into an agreement with the European Union, Japan, the Republic of Korea, and Taiwan on tariff treatment for multi-chip integrated circuits. Multi-chip integrated circuits are semiconductor devices used in computers, cell phones, and other high-technology products.

United States-based companies are the principal suppliers to the world of multi-chip integrated circuits. In 2004, global sales of finished multi-chip integrated circuits were estimated to be \$4.2 billion, and U.S. semiconductor companies account for roughly half of those sales.

The United States, the European Union, the Republic of Korea, and Taiwan will

apply zero duties on these products as of an agreed date. The target date for entry into force of the Agreement is January 1, 2006. Japan already applies zero duties on these products and expects to ratify the Agreement formally in 2006. Further, although all major producers of multi-chip integrated circuits will be parties to the Agreement, we will seek to build on this Agreement by joining together to work in the World Trade Organization to increase the number of countries granting duty-free treatment to these products.

The President’s News Conference With Prime Minister Junichiro Koizumi of Japan in Kyoto, Japan *November 16, 2005*

Prime Minister Koizumi. First, I would like to express our sincere welcome to the visit of the President and Mrs. Bush. We are very happy to have an excellent weather today, and I’m very happy that President

and Mrs. Bush enjoyed the beauty of this ancient city of Kyoto.

Before this meeting, the President and myself had the pleasure of taking a pleasant walk through Golden Pavilion Temple. This is in a wonderful environment where we
